

CAT / Terex O&K Mining Products

BOUNDARY CAT/TEREX O&K MINING PRODUCTS

Boundary has been supplying the highest quality CAT/Terex O&K replacement parts to the worldwide mining community for over 35 years.

Boundary parts are 100% interchangeable with OEM parts and are inspected regularly. The engineers involved in the design and construction of your parts are also the ones inspecting them.

Boundary's hallmark innovation is inherent in all of our products. Ask us how our CAT/Terex O&K product line will perform better and how our service approach leads to constant innovation and improvement.

Join Boundary as a partner and customer and become part of our 35+ year history. Work with us and become our next CAT/Terex O&K replacement part success story.
