## BOUNDARY HITACHI MINING PRODUCTS

Boundary has been supplying the highest quality Hitachi replacement parts to the worldwide mining community for more than 35 years.

Boundary's parts are 100% interchangeable with OEM parts and are inspected regularly. The engineers involved in the design and construction of your parts are also the ones inspecting them.

Boundary's hallmark innovation is inherent in all of our products. Ask us how our Hitachi product line will perform better and how our service approach leads to constant innovation and improvement.

Join Boundary as a partner and customer and become part of our 35+ year history. Work with us and become our next Hitachi replacement part success story.

**Whether undercarriage or access and egress systems to improve safety, Boundary is your source.**

		EX	2500	3500 & 3600	5500	8000
<b>Undercarriage</b>	Track Shoes	•	•	•	•	•
	Boundary Posikeepers™	•	•	•	•	•
	Drive Tumblers	•	•	•		
	Front Idlers		•	•		
<b>Safety &amp; Elevation Systems</b>	Power Steps	•	•	•		

In today's marketplace, replacement parts arrive late and are more expensive. Boundary's mobility and expertise enable us to provide cost effective performance in a timely manner.

As the OEM's continue to grow so does customer dependency. What is plan B when the OEM's can't deliver the parts and service?
